To post message:

Send an email to <u>EDHP@listserv.cc.ucf.edu</u> from the email address that is subscribed to the list. Messages from nonsubscribed addresses will be rejected. You may be asked to confirm your post. Please respond by typing "OK." Do **NOT** click on the confirmation link. The Listserv[®] will then process and post your message.

Please be sure to follow appropriate <u>Netiquette</u> when posting messages, and please limit posts to information relevant to the EDHP-SIG members and events only. We consider the EDHP-SIG a forum for academic discourse that is continually aligned with the mission and vision of the SIG. We support the sharing of research and theory from academic endeavors such as journal articles, special themed issues of academic journals, published research, and relevant academic conferences and presentations that engage SIG members in transdisciplinary collaboration. We also encourage educators and designers to share open access resources that are not related to fee-based products and services.

As such, we believe the EDHP-SIG listserv would not serve the members well as an arena for promoting or-profit courses, certificates, and assessments, or other personal products or services. Though many of the EDHP-SIG members are proprietors of fee based technology and industry resources, to maintain the EDHP-SIG's academic and scholarly focus, the marketing of educational products and services would be more appropriate for a different venue outside of the EDHP-SIG. We appreciate each member's adherence to the mission and vision of the SIG along with the Listserv guidelines. Our desire is to keep the Listserv communications unmoderated.

Posting of any inappropriate messages will result in immediate removal from the List. If you subscribe to Listserv, your email may be viewable to other subscribers.

To unsubscribe:

Send email to <u>LISTSERV@listserv.cc.ucf.edu</u> with "signoff EDHP" in the body of the message (subject line is irrelevant and can be left blank). The message should be sent from the email address that you want to subscribe.

For any additional comments, questions, or concerns regarding the EDHP Listserv or the EDHP-SIG, please contact Dr. Atsusi "2c" Hirumi at <u>Atsusi.Hirumi@ucf.edu</u>
