

Your Partner in Nursing Education

Supporting faculty with innovative teaching resources

Improve student outcomes and gain valuable insight using
Lecturio's comprehensive curriculum and smart learning features

Created by the nurses of today.
For the nurses of tomorrow.

A warm welcome

Dear Faculty Colleague,

Are you exhausted from trying to provide accessible nursing content for your students?

For most of us, the huge amount of time and energy spent creating voiceover PowerPoints and finding quality nursing videos on the internet has left us thinking there must be a better way to teach key content to nursing students. I promise you there is!

You no longer need to spend hours looking for elusive and reliable YouTube videos on key topics such as starting an IV, acute coronary syndrome, the stages of labor, or any other of the hundreds of topics we teach in nursing school!

Lecturio Nursing has you covered.

Our team of practicing nurse educators have developed a wide range of resources for you, including concise video lectures, smart recall quizzes, lecture slides, clinical skills modules, and a Qbank covering all relevant nursing school topics – all of which can be used as part of your overall teaching plan.

A handwritten signature in black ink that reads "Rhonda Lawes".

Rhonda Lawes, PhD(c), RN
Director of Nursing, Lecturio.com

Support distance teaching & learning

- Boost students' participation and learning success, even from a distance if needed
- Designed to maximize recall and conceptual clarity
- Built on principles of learning science

Create & assign your own courses

- Upload existing or custom learning material, quickly and easily!
- Lecturio's comprehensive program lets you combine different mediums and formats for maximum learning success, including:
 - ✓ Videos
 - ✓ Recall questions
 - ✓ Exam practice questions
 - ✓ Clinical Skills videos

Identify students' difficulties with pinpoint accuracy

- Lecturio monitors engagement by measuring students' activity levels and performance data collected during various learning segments
- Identify where your students are struggling and create individual action plans

Cover all relevant nursing school topics

- Experienced and proven nursing educators
- Teach the required academic nursing knowledge
- Your curriculum mapped by our experienced team

Customized Look & Feel: Your Logo + Our Resources

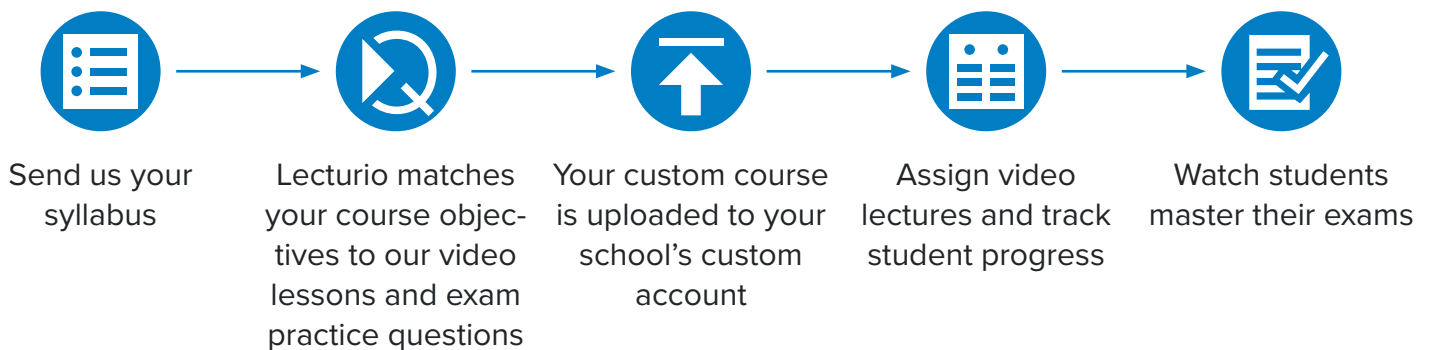

We know how hard it is to set up an online course, so we do the heavy lifting for you. Give us your syllabus and we'll create your unique course in Lecturio with a seamless integration to your LMS.

Leverage your own content

- Upload your own video lectures and teaching materials directly to the Lecturio platform
- Create recall questions within your video lectures wherever you see fit!
- Compile and upload your own examination questions, or use some of our own – or both!

How it works:

A portrait of a young woman with voluminous, curly brown hair, smiling warmly at the camera. She is wearing light blue medical scrubs and has a stethoscope draped around her neck. Her arms are crossed over her chest. The background is a soft, out-of-focus white.

Ariel

“Amazing instructor! The best instructor ever! Rhonda Lawes has really taught me critical thinking. I wish she was my nursing professor throughout nursing school. She’s just amazing and was destined to teach nursing.”
