

Exam Readiness Dashboard

Are your students prepared for their licensure exam?

Faculty members now have a powerful tool to assess student readiness for licensure exams. Educators can identify areas of weakness and target support where it's needed most. Our student Exam Readiness Dashboard offers educators a window to access vital information about student performance.

How does the Exam Readiness Dashboard work?

Determine your students' licensure exam readiness effortlessly with our innovative tool. Using the latest Qbank submissions within a selected time period, the dashboard evaluates students' preparedness for upcoming licensure exams.

The dashboard analyzes responses from personal and/or assigned tests. You can customize all parameters conveniently via the filter panel on the left.

Which Qbanks are compatible with the Exam Readiness Dashboard?

- Pre-Clinical / USMLE® Step 1 Qbank
- Pre-Clinical / COMLEX Level 1 Qbank
- Pre-Medical / MCAT Qbank
- Clinical / USMLE® Step 2 Qbank
- Clinical / COMLEX Level 2 Qbank
- RN Practice Questions / NCLEX® Qbank

Readiness	
<input checked="" type="checkbox"/>	Well prepared
<input checked="" type="checkbox"/>	Prepared
<input type="checkbox"/>	Getting close
<input type="checkbox"/>	Need to improve
<input type="checkbox"/>	Need to answer more questions

What are the levels of readiness predicted by the Exam Readiness Dashboard?

Level	Min. number of questions answered	Accuracy
Well prepared	for all sections	95% or higher
Prepared	for all sections	85% - 95%
Getting close	At least $\frac{3}{4}$ of all sections	70% or higher
Need to improve	At least $\frac{3}{4}$ of all sections	Below 70%
Need to answer more questions	Less than $\frac{1}{4}$ of all sections	-

How can I access the Exam Readiness Dashboard?

- 1 Select **Administration** from the navigation menu
- 2 Go to **Statistics**
- 3 Select **Exam Readiness**

If you can't see the Exam Readiness Dashboard, ask your platform administrator for access.
